

# SOKO - South Kona Artists Collective

We are a collective of dedicated professional artists committed to sharing the numerous ways that we create. We are painters, potters, sculptors, photographers, jewelers, quilters, fiber and mosaic artists. Living in and influenced by the incredible beauty of South Kona on Hawaii Island, we have come together to generate opportunities for fine artists to expand their vision and audience. We host this annual artist studio tour during the last weekend of February.

**ARTISTS ARE OPEN YEAR ROUND BY APPOINTMENT**

SOKO artists extend their warm aloha to you. Come visit us in South Kona, where the sun shines, the coffee grows, and the whales splash in our beautiful waters. Take a look at our catalog of artists and choose where you would like to go. The map on the other side will direct you to our studios, homes and other venues. All original art and prints are for sale.

The number next to each artist's name is their tour location, shown on the map on the reverse side.
